Minutes from the Fall meeting were unanimously approved.

The meeting commenced with broad and general discussion on the recent state events; Alpine and Freestyle, and matters arising from them.

The costs incurred in running the State events – Alpine & Freestyle was discussed in some intensity and it was accepted that the State entry fee needed to reflect the cost per participant, thus not requiring the host league to meet the basic event costs, as set out in the Division budget. It was agreed that that there be a state event participation fee of \$60.00 for the 2015 state meet. Also part of this discussion was the request for a specific statement clarifying the Final Start orders for the Alpine events.

**MOTION:** Moved by Jack Walker and seconded David Moulton that the following additions (in **RED BOLD ITALICS**) be made to the alpine Policies. (Inserting the “G” addition creates lettering changes for all following sections.). Motion unanimously approved.

Once the “Final Start Orders” have been published, no changes to the start orders will be permitted except for the teams designated substitute for the said race, may be inserted into one of the team’s 5 positions for that race, subject to the rules for a substitution.***

There was general agreement that the Alpine division State championship Alpine and Freestyle were required to take place over three days as specified in the policies, and that the Freestyle steering committee needs coordinate its events accordingly. Scott Keillor did describe the efforts of the Freestyle Steering committee to put together a State event that would be reflective of the Freestylers' abilities, however the reason for the final low number of participants remained unanswered.

A proposal from the Secretary Treasurer regarding revising the Freestyle policies, in particular the disproportionate number and cost of awards issued to the participants, and the need for a more representative balance of members on the F/S steering committee was tabled to be resubmitted to the next Division steering committee.

On the motion of the Commissioner David Moulton and seconded by the Jason Gillies that a payment of \$1,000 be made to the Emerald League to assist with the payment of venue fees. Passed unanimously.

The Meeting adjourned at 3:30 PM.

Respectfully submitted by  
Richard Sellens  
Alpine Division Secretary
