

Three teams have <35 skiers each who would go to a time trial
 Timing crew = 3-4 Course Monitors = 4-5
 Each support group of coaches would be 3-4 coaches per Team
 One medic will support the whole event

Teams are 1) Bend 2) Mt. View 3) Redmond teams + La Pine and 4) Summit
 Summit will likely have >35 skiers, so they will be Team D and Team E
 Skiers from teams A, B, and C who need to have a later start time could race with Team E.
