

ATTENDANCE

- ▶ The team expects that racers will attend all regular scheduled practices and races
- ▶ Racers need to communicate to coaches in advance any early departures or absences
- ▶ Once Racing starts, in order to race all racers must participate in 3 practices per week at a minimum. Coaches prefer that at least one of these practices be on-snow. Race day does not count as an on-snow practice (this may be modified depending on race/training schedule)
- ▶ Racers who are absent will at the coaches discretion be moved down the race line-up and/or may be removed from the race lineup if the absence is not communicated/excused in advance
